TERMS AND CONDITIONS

This is a retail distribution center and delivery appointments are strictly enforced.

Trucks checking in after the appointment time are treated as a no-show by the DC; the DC's $500 no-show charge and any redelivery cost will be deducted from the Carrier.

Trucks will not be received more than 30 minutes before the appointment.

Carrier agrees to electronic tracking from one hour before pickup until delivery is complete.

If the Carrier's tracking compliance on this load is below 80%, Sawgrass will reduce the rate by 10%.

The rate shown is all in. Detention is included in the rate for the first four hours at each stop; after four hours Sawgrass will pay $25 per hour if the customer agrees to pay it.

Sawgrass does not pay truck ordered not used on loads cancelled more than four hours before the pickup window opens.

Carrier payments are released on the first Friday that falls at least 30 days after approved paperwork.

QuickPay: 2% for 5 day, 4% for next day.

Questions about payment status can be sent to carrierpay@sawgrassfreight.example.

The DC's stamped receiving document must be submitted through the Sawgrass carrier portal by noon on the business day after delivery; otherwise a $35 fee is charged and payment timing starts over.

Pallet exchange is required at the shipper. Pallets not exchanged will be charged to the Carrier at $12 each.

The receiver uses a third party unloading service. Carrier pays the service directly and Sawgrass does not reimburse it on all-in loads.

Carrier is responsible for any retailer compliance chargeback caused by late delivery, damaged cartons or a count discrepancy.

Driver must wear a safety vest inside the DC yard.

Carrier may not subcontract this shipment. Unauthorized use of another carrier will result in non-payment and removal from the Sawgrass network.

Thank you for your business.
